

**List of appendices for 2-Gates related documents -**

The appendix letter has been left off of the documents because it is different in each 2-Gates related document: BA, MND/EA, and Science Panel Review. Please see the 'Document – Appendix Letter' column for this information.

- The 'Appendix Name' column identifies the name of the document.
- The 'Filename' column identifies the name given to the PDF.
- The 'Document – Appendix Letter' column identifies the 2-Gates related document.
- The 'Comments' column identifies the author of the document and relevant comments/updates.

<b>Appendix Name</b>	<b>Filename</b>	<b>Document – Appendix Letter</b>	<b>Comments</b>
Particle Tracking and Analysis of Adult and Larval/Juvenile Delta Smelt for 2-Gates Fish Protection Demonstration Project	Particle Tracking and Analysis.pdf	<ul style="list-style-type: none"> <li>• MND/EA – A</li> <li>• Science Summary – B</li> <li>• BA – D</li> </ul>	Provided by John DeGeorge, RMA – version dated June 16, 2009
Fixed-Site Monitoring Associated with the 2-Gates Fish Protection Project Operations	Fixed-Site Monitoring as a Tool for understanding.pdf	<ul style="list-style-type: none"> <li>• MND/EA – B</li> <li>• Science Summary – E</li> </ul>	<p>Provided by Jon Burau, USGS – version dated June 23, 2009</p> <p>L.Woodman - This appendix is being updated and will be available on 7/29.</p> <p>T. Taylor – this will be included as an attachment in the Monitoring Plan</p>
Sacramento-San Joaquin Delta Turbidity Modeling: Calibration of Model	Sacramento-San Joaquin Delta Turbidity Modeling.pdf	<ul style="list-style-type: none"> <li>• MND/EA – C</li> <li>• Science Summary - C</li> </ul>	<p>Provided by RMA – version dated October 2008</p> <p>T. Taylor – Appendix name will be updated to 'Sacramento-San Joaquin Delta Turbidity Modeling: Calibration of Model: Calibration Model'</p>
90% Design Plans for Old River Site & Connection Slough Sites	90% Design Plans.pdf	<ul style="list-style-type: none"> <li>• BA – F and G</li> <li>• MND/EA – D (4/29 - G)</li> </ul>	<p>Provided by Moffatt &amp; Nichol – version dated December 9, 2008</p> <p>V.Romero – In the BA Appendix G covers Connection Slough sites. Appendix F and G will be combined.</p>
Monitoring and Analysis to Determine if Elevated Turbidities from the Sacramento River Trigger Movement of Adult Delta Smelt	Monitoring and Analysis of Turbidities.pdf	<ul style="list-style-type: none"> <li>• MND/EA – E</li> <li>• Science Summary - D</li> </ul>	Provided by Jon Burau, USGS and B. Bennett, Watershed Sciences – version dated June 17, 2009

*List of appendices for 2-Gates related documents -*

Appendix Name	Filename	Document – Appendix Letter	Comments
			T. Taylor – this will be included as an attachment in the Monitoring Plan
Air Quality	2-Gates Air Quality.pdf	<ul style="list-style-type: none"> <li>MND/EA – F (4/29 - A)</li> </ul>	Provided by Moffat & Nichol and the Dutra Group – version dated March 26, 2009
Wetland Delineation Study	Wetland Delineation Study.pdf	<ul style="list-style-type: none"> <li>MND/EA – G (4/29 - B)</li> </ul>	Provided by Mosaic Associates – version dated October 2008
Summer and Spring Rare Plant Surveys	RarePlantMemo2Gates.spring and summer.pdf	<ul style="list-style-type: none"> <li>MND/EA – H (4/29 – C)</li> </ul>	Provided by Mosaic Associates (Judy Bendix) – version dated July 10, 2009
Habitat Assessment for the Giant Garter Snake	Giant Garter Snake Habitat Asmnt.pdf	<ul style="list-style-type: none"> <li>MND/EA – I (4/29 - D)</li> </ul>	<p>Provided by Mosaic Associates – version dated October 9, 2008</p> <p>V.Romero – This will be included in the BA</p>
Dry- and Wet-Season Sampling for Federally Listed Large Branchiopods	Branchiopod Sampling.pdf	<ul style="list-style-type: none"> <li>BA – J</li> <li>MND/EA – J</li> </ul>	<p>Provided by Mosaic Associates – (Judy Bendix) version dated February 2009</p> <p>L.Woodman - New Appendix in the MND/EA</p> <p>V.Romero – This will be included in the BA</p>
DSM2 Hydrodynamic Modeling Analyses for Site Selection and Performance	DSM2 Hydrodynamic Modeling Analysis.pdf	<ul style="list-style-type: none"> <li>MND/EA – K (4/29 - E)</li> </ul>	<p>Provided by ENTRIX – version dated April 29, 2009</p> <p>V. Romero – references to QWEST need to be revised.</p>
Hydrodynamic Analysis of 2-Gates Near Field Effects	Hydrodynamic Analysis of 2-Gates Near Field Effects.pdf	<ul style="list-style-type: none"> <li>BA – E</li> <li>MND/EA – M (4/29 - H)</li> </ul>	Provided by Moffatt & Nichol and dated March 31, 2009.
Operations Plan		<ul style="list-style-type: none"> <li>BA – B</li> <li>MND/EA – N (4/29 - I)</li> </ul>	To be provided by ENTRIX - This document is in the process of being updated.
