

HOW TO EDIT YOUR PROFILE

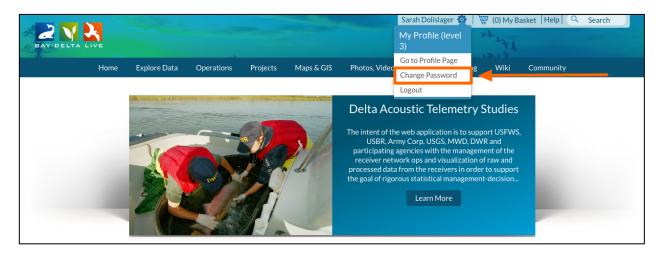

First, be sure you are signed up or logged in using the, "login" or "Sign Up" buttons at the top of the screen.

Once you are logged in, you'll see your name at the top of the screen with a "settings" icon next to it.

Hover over the settings icon and a drop-down menu will appear. Click on, "change password."

This option brings up a form where you can edit your name, password, and make your profile public.
